

CRK tube lifting clamps

Product information

Properties

- The clamp is locked in the open position.
- To perform lifting, the operator must lift the handle while the force on the lifting eye is being applied.
- When laying down the load, the clamp automatically opens.

Application

- For horizontal lifting and transporting of tubes, pipes, tube bundles, rolls and other solid round materials.

Marking: According to standard, CE-marked

Standard: EN 12100, EN 13155
