

Shock absorber

Product information

When damping, this band decreases the impact force to be born by the human body below 600 kg. Provided with a safety connecting triangle at one end. Compact creased and sewn polyester strap strongly packed in a PVC hose. On the influence of the sudden impact force risen during a possible fall, the seam will be undone from stitch to stitch creating a retarding effect. Tested in compliance with EN 355.

Technical specifications

- Length max 1.5 m .
- Maximum collection distance 2.75 m.
- Length of person including shift of the harness 2.5 m.

Marking: According to standard, CE-marked

Standard: EN 355
