

Vacuum Beam Aero 1200/8R

Product information

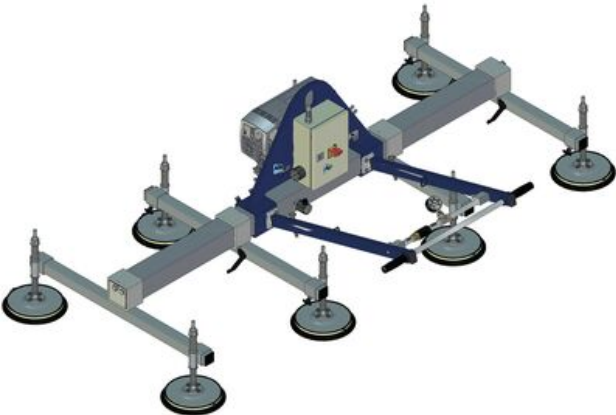

moving limits

- WLL tons: 1,2
- Art.no.: 16.6068-1001200

Our standard vacuum lifting beams are designed for lifting smooth and air-tight plates. The lifting beams are typically used for lifting steel and aluminium plates, but can also lift synthetic plates, glass fibre, glass, PVC and other air-tight items without problems.

The lifting beams are designed from heavy and hard-wearing materials for use in tough / adverse industrial environments without influence on the life expectancy.
