CBL bulb lifting clamp with extra large jaw opening

Product information

REMA®

Properties

- Standard with 3 pivots for extra powerful clamping force.
- Clamp is locked in closed as well as open position.
- Always equipped with a safety mechanism, ensuring the clamp does not slip when lifting force is applied and when load is being lowered.

Application

- For vertical lifting, handling and transporting of Holland Profile (HP) shipbuilding structures, steel plates and structures.
- Adjustable jaw opening available from: 0 to 155 mm.
- Lifting of longer sections should be performed with a spreader beam fitted with multiple clamps.
