CERTEX | Lifting Solutions Group
Axel Johnson International

Rema-All

Product information

REMA®

ACCORDING ASME / ANSI SAFETY STANDARD.

Properties

- A patented overload limiter excludes misoperation, the “safety link” hinders continuing lifting while the jack takes hold of load.
- Long life due to cast parts and easy operation.
- Extra large foot plate for stability.

IMPORTANT:

- Lifting height 300 mm, load capacity 3000 kg.
- Lifting height 600 mm, load capacity 2250 kg.
- Lifting height 900 mm, load capacity 1600 kg.
- Lifting height 1000 mm, load capacity 1000 kg.
